“The Historical Development of German-Language Textbooks in China: Project Report”
July 2024
(as team member, supervised by Prof. Yuan Li, Zhejiang University)

RESEARCH PROJECTS

- Linguistic Positivity in German: A Diachronic Study from 1900 to 1999** 2025 – Present
Master's Thesis | Supervisor: *Professor Yuan Li*
· Conducting a quantitative diachronic analysis of linguistic positivity in German from 1900 to 1999 using **Python** and **R**, employing **topic modelling (LDA)** and **regression analysis** to contextualize findings within their historical background
- Factors Influencing Chinese German Language Teachers' Acceptance of Generative AI** 2025 – Present
Project Leader | Supervisor: *Professor Yuan Li*

- Employed PLS-SEM and interviews to examine factors influencing teachers' GenAI acceptance including teacher autonomy, work engagement, perceived organisational support, teacher collaboration, self-efficacy, and AI literacy
- Preliminary findings indicate a significant moderate-to-strong positive correlation between teachers' GenAI acceptance and AI literacy (TPACK)

Development and Practice of an Automated Writing Feedback System for Chinese German Learners Based on Large Language Models 2024 – 2025

Core Participant

- Conducted literature review and learner error annotation

Chinese German Learner Corpus Construction and German Language Competence Development Research

Research Assistant 2024 – 2025

- Assisted in corpus collection and data curation

A Study on the Development of Chinese German-Language Textbooks: Vocabulary as a Particular Perspective

Undergraduate Thesis | Supervisor: *Professor Yuan Li* Sept. 2023 – June 2024

- Investigated the diachronic and synchronic development of vocabulary in Chinese German-language textbooks from a Digital Humanities perspective; built a corpus from published textbooks for quantitative lexical analysis

Contrastive Study of Stance Markers in German Academic Texts by Chinese and German Scholars

Project Leader | Supervisor: *Professor Yuan Li* Mar. 2023 – May 2024

- Built a bilingual corpus of journal articles in German linguistics, literature, and intercultural studies; conducted quantitative and qualitative analysis of stance marker usage patterns across Chinese and German academic writers

Empirical Study on Emotions of Chinese Middle School German Teachers

Mar. 2022 – May 2023

Project Leader | Supervisor: *Professor Fei Lian*

- Led a mixed-methods study combining semi-structured interviews, emotional journals, and NVivo qualitative analysis; project concluded with an Outstanding rating
- Independently authored a paper presented at the 3rd National Undergraduate Academic Innovation Competition in German Studies, receiving the Second Prize

ACADEMIC ACTIVITIES

- Participated in national-level **textbook compilation**: New Classic German Student Book Vol. 3 (ISBN: 978-7-5213-6249-7)
- Contributed to the development of **MOOC**: German Public Speaking
- Participated in the Germanistic Institute Partnerships Workshop (March 2026); contributed to curriculum design
- Attended Chinese-German Linguistics Colloquium, Zhejiang University with TU Berlin (July 2025)
- Third Prize, 1st ZJU Foreign Language Short Video Contest – "**AI: Powerful Instrument for Text Difficulty Assessment**" (December 2024)

PROFESSIONAL EXPERIENCES

Zhejiang University

Teaching Assistant

Hangzhou, China

Sept. 2023 – Present

- Graded examinations and course papers; evaluated student presentations; taught AntConc data analysis and academic writing methods; contributed to syllabus and assessment design

Sino Education

German Instructor (A2 Level)

Hangzhou, China

December 2023

Hangzhou Greentown Yuhua Foreign Language School

Practicum Teaching Instructor

Hangzhou, China

March 2023

CAMPUS ACTIVITIES

Zhejiang University German Students' Association

President

Hangzhou, China

June 2024 – Present
